

GitHub Student Developer Pack & Student ID Benefits – Complete Guide

This guide is for students who want to extract real value from their student status. Not motivation. Not hype. Actual benefits, credits, tools, and discounts that save money and accelerate your tech career.

1. What is the GitHub Student Developer Pack?

The GitHub Student Developer Pack is a collection of premium developer tools, services, and credits offered free or at heavy discounts to verified students. If used correctly, this alone can save you thousands of rupees per year.

2. Eligibility Requirements

- 1 You must be actively enrolled in a recognized school, college, or university
- 2 You must have a valid academic email OR official student ID
- 3 Your GitHub account must be in good standing

3. Step-by-Step Application Process

- 1 Create a GitHub account using your real name
- 2 Visit education.github.com/pack
- 3 Click on 'Get Student Benefits'
- 4 Sign in with your GitHub account
- 5 Verify your student status using college email OR upload student ID card
- 6 Wait for approval (can take a few hours to a few days)
- 7 Once approved, access all benefits from the GitHub Education dashboard

4. Common Mistakes (Do NOT Do These)

- 1 Do not upload blurry or cropped student ID photos
- 2 Do not use fake or temporary college emails
- 3 Do not apply multiple times from different accounts
- 4 Do not misuse credits for illegal or commercial abuse
- 5 Do not change your GitHub name repeatedly during verification

5. What You Can Claim for Free (Major Perks)

Domains & Hosting

- 1 Free personal domain (Namecheap, Name.com)
- 2 Free HTTPS certificates
- 3 Free website hosting credits

Cloud & Infrastructure

- 1 DigitalOcean credits

- 2 Microsoft Azure credits
- 3 Heroku credits
- 4 MongoDB Atlas free tiers

Developer Tools

- 1 GitHub Pro (private repos, advanced insights)
- 2 JetBrains IDEs (IntelliJ, PyCharm, WebStorm)
- 3 GitKraken Pro
- 4 Postman Student Plan
- 5 Educative.io courses

6. Benefits That Come With a Student ID (Outside GitHub)

Entertainment & Subscriptions

- 1 Spotify Premium – 50% student discount
- 2 YouTube Premium student pricing
- 3 Amazon Prime Student (select regions)

Hardware & Software Discounts

- 1 Apple – education pricing (MacBooks, iPads)
- 2 Microsoft – student discounts on Surface devices
- 3 Adobe Creative Cloud student plans

Learning Platforms

- 1 Notion Student Pro (free)
- 2 Coursera student discounts
- 3 Udemy occasional student pricing

7. Strategic Advice (Read This)

Claim benefits only when you need them. Credits expire. Tools are useless without usage. Do not hoard. Build projects, deploy apps, host portfolios, and actually use what you unlock. A student ID is leverage. Most students waste it.
