

Internship Laane Ka Sahi Tarika

Job portals se hatt, sahi jagah focus kar

Practical Guide for CS Students

The Problem — Tu Kya Kar Raha Hai

Summer internship season mein almost every CS student yehi karta hai — Internshala kholta hai, Indeed kholta hai, aur ek ke baad ek applications bhejta rehta hai. Ek week baad — zero response. Problem teri mehnat mein nahi hai. **Problem approach mein hai.**

■ Galat Approach

- Internshala / Indeed pe
- 100+ daily applications
- Fake certificates kharidna
- Sirf spam karna
- Zero conversion rate

■ Sahi Approach

- LinkedIn Alumni Network
- Company official careers page
- Direct referral request
- Targeted, personal outreach
- High response rate

Sahi Strategy — 3 Kaam Jo Actually Kaam Karte Hain

Step 1 — LinkedIn pe Alumni Dhoondh ■

Apne college ka naam LinkedIn search mein daalo. Filter karo — *Alumni*. Dekh kaun kisi company mein kaam kar raha hai. Directly unhe message bhej — simple, respectful, aur specific. College connection ek natural trust factor hai.

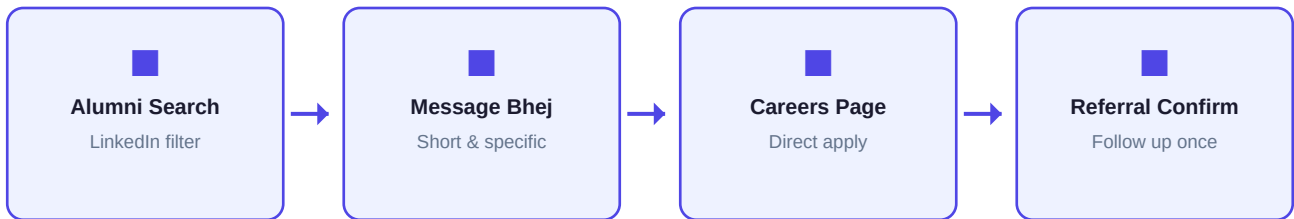

Step 2 — Company Ki Official Careers Page Pe Ja ■

Job portals skip kar. Seedha us company ki website pe ja → Careers section. Wahan listings hoti hain jo kisi portal pe nahi aati — aur apply karne wale bhi bahut kam hote hain. Competition genuinely kam hota hai.

Step 3 — Referral Le, Certificate Mat Khareedo ■

Kisi se paid certificate lena CV bhar sakta hai, value nahi deta. Ek real internship — chahe 2 mahine ki ho — referral ke through aayi ho — recruiter ke liye 10x zyada credible hoti hai.

Tera Action Flow ■

LinkedIn Message Template ■

Yeh message copy-paste mat karna — apne words mein likh, but yahi structure follow kar:

 LinkedIn Message Template

Subject: Internship Guidance Request

Hi [Name] Bhaiya/Didi,

Main [Tumhara Naam] hoon, [College] se [Year/Branch].
Aapka profile dekha — [Company] mein kaam kar rahe ho,
aur main genuinely interested hoon usi domain mein.

Kya aap mujhe guide kar sakte ho ki [Company] mein
internship ke liye kaise apply karun? Agar referral
possible ho toh bahut helpful hoga — but guidance
bhi equally valuable hogi mere liye.

Thank you for your time!

Do's & Don'ts — Quick Checklist

■ Do This	■ Avoid This
• College alumni specifically dhoondh • Company-specific message likho • Official careers page check karo • Ek genuine follow-up bhejo • Real projects/work dikhao • Patience rakho — 1-2 weeks wait karo	• Generic copy-paste messages mat bhejo • Paid certificate sites pe paise mat daalo • 100 applications ek din mein mat bhejo • Sirf job portals pe depend mat raho • Strangers ko DM mat karo without context • Ek response na aane pe give up mat karo

Yaad Rakh ■

Internship laana ek numbers game nahi hai — yeh ek **quality over quantity** game hai. 10 targeted, personal outreaches > 500 random applications on Internshala. Tu already sahi jagah hai — bas approach badal.
